

### TAN Pet-Friendly Unit Policy

Travel Advantage Network, Inc. ("TAN") requires all clients occupying pet friendly units with their pets to read, understand and abide by the following rules. TAN's Pet Friendly Unit Policy considers the needs of resort management, pet owning clients and non-pet owning guests, as well as the needs of the pets themselves and is intended to foster an attitude of respect, cooperation and consideration.

1. TAN clients wishing to bring their pets to a pet friendly unit must complete and submit this form to TAN before the pet is brought to the unit.
2. Acceptable pets are limited to dogs. Cats, reptiles, rodents and birds are not acceptable. All pets must be able to be restrained by leash, carrier or cage.
3. No more than 2 dogs may reside in a TAN pet-friendly unit
4. All dogs must wear identification tags that indicate the pet's name, owner's name, and telephone number.
5. All dogs over the age of 6 months must be spayed or neutered, unless a veterinarian certifies that health problems prevent it.
6. Pets need to be inoculated in accordance with state and local law. All pets must be up to date on rabies and distemper vaccinations.
7. The size of the animal cannot exceed 25 pounds.
8. All pets must be effectively and appropriately restrained and under the control of a responsible individual while on the common areas of the property, but pets shall not be allowed in any common area (including but not limited to lobbies, community rooms, halls and laundry rooms) of the property, except to enter or exit the building.
9. Clients with pets are responsible for keeping all areas where pets are housed clean, safe, and free of parasites, including fleas. Dog owners must immediately pick up and dispose of all dog waste deposited on the housing's streets or grounds. A waste removal penalty of \$25 per occurrence will be assessed for failure to comply with pet rules on waste removal.
10. If deemed necessary by management, upon reasonable request, pets shall be temporarily removed from the housing for purposes to include, but not limited to, delivery of maintenance repair services, extermination services and preventative maintenance/housekeeping inspection.
11. No pet is to be left unattended for a period longer than that which is appropriate considering the needs of the pet. In general, dogs should not be left unattended for more than 9 hours, and other pets for more than 24 hours, on a regular basis.
12. Clients are responsible for ensuring that their pets do not disturb or annoy other guests or neighbors. Clients whose pet(s) are determined by management to be disturbing others must remedy the situation immediately. If the Client fails to remove the pet, they may be required to vacate the premises.
